

# LABRA

SCONCE, STANDARD

Labra is an exploration of stone as nature's art, hand-chiseled and carefully shaped to perfection by masters in their craft. Honouring the rich materiality of European alabaster, Labra is a wall-mounted LED fixture and ornamental statement piece that stands the test of time. Carved with delicate precision, the solid stone block is perfectly moulded to an intentional inner curve - inspired by the palpable energy felt between two forms, just moments before they touch.
